HIGH HOPES
After School Sports Program
A COMMUNITY PROJECT
Hello NARI members!

One of the best benefits of belonging to the NARI organization is our ability as a group to give back to our community. We do this in several ways. One of best opportunities is when we find a project that can work for the diverse kinds of members we have. This is one of those.

High Hopes Sports and After School.

High Hopes Sports and After School is a Christian after-care and summer camp program for elementary-aged kids. Their mission is to lead change in their community by providing help, hope and healing through sports and education in a loving, Christian Program to people of every culture and spiritual background. They truly believe that High Hopes is a place where love comes first!

Considering the need for increased security in our schools, High Hopes has an immediate need for a security wall with an electronic security entrance to be installed. At the same time, remodel the cabinets and countertops at the check-in desk and other miscellaneous maintenance matters.

Attached are a few drawings and a list of maintenance items needing to be accomplished. The security wall and cabinet/countertops need to be installed by June 4th and can be done at anytime between now and then. The other maintenance items; we can plan a one-day, all hands-on deck type party and get as much done as possible.

At this time, I need your response and commitment as to how you can participate. Time, labor, materials or money. All will help. Please email me directly with intentions or questions and I’ll do my best to answer as swiftly as possible.

Looking forward to a successful give-back to our community,

Sincerely,

Steve Anthony

FACILITY NEEDS

High Priority

• Build a Wall at the front with security doors.
• Design a nice lobby area in the front once the wall goes up.
• New cabinets for front desk.
• Fix the leaking at the windows in the gym and NE double doors.
• Seal the NE gym white rock wall. The cinder blocks seep water when there’s heavy rain.
• Drill weep holes on the NE white rock gym wall.
• Get new ceiling tiles for the dance studio (210 in total).
• Cover up the torn insulation of the canopy entrance to the facility.
• Install thick bolt locks at the bottom and tops of the gym doors (per active shooter prevention).
• Fix the toilet handle in the stall next to the handicap in the girls restroom.
• Fix the ballet bar in the dance studio. It fell off the wall.
• Caulk the bottom of the outside wall along the dance studio (and anywhere else it needs).
• The NW door in the gym (facing the parking lot/church) doesn’t stay closed very well.
• Put down a threshold strip for the carpet.
• Paint the blue walls IF unable to repaint entire facility.
FACILITY NEEDS

Medium Priority

- Power wash the walls, sidewalk, and entry.
- Clean the lights above front desk.
- Purchase tiny tennis balls to put on the feet of chairs in gym to protect the floor.
- Create a staff lounge in the side office.
- Seal and repaint the parking lot.
- Replace the baseboard under the urinals in the boys restrooms.
- Paint the facility interior and exterior.
- Fix the water sprinkler system (control panel/box).
- Tighten, fix, or replace the kitchen faucet.
- LED lights for facility.
FACILITY NEEDS

Low Priority

• Tighten down the handrails at the entrance.
• Add shelves to the electrical room closet.
• Add a roll down door to the kitchen window.
• Install shelves in the lunch area “storage closet”
• Lid/ceiling in the lunch area “storage closet” IF NEEDED.
• Carpet cleaner - clean rug at front.
• Turf for gaga pit.
• Install door stoppers for the entrance gym doors.
• Stain chair rail in gym.
• Stain chair rail in entry/lobby.
• Install cabinets in the kitchen.
• Install a privacy fence around the fields out back.
• Boys restroom far right sink. Handle leaks.
• Caulk middle sink in boys bathroom.
• Purchase new lunch tables.
